L 410 NG SEAWADER

FLYING BEYOND EXPECTATIONS

**WE DO OUR BEST TO PROVIDE CUSTOMERS WITH THE HIGHEST LEVEL OF SERVICE.
GET AN UNFORGETTABLE EXPERIENCE FLYING WITH L 410 NG.**

Meet our latest L 410 NG Seawader amphibian project.

This aircraft is engineered to take off and land on both runways and water surfaces with capacity of 17-19 passengers.

An obligatory life vest is placed under each seat. There are 3 life rafts on board as well.

Aircraft is equipped with the newest avionics by Garmin including G3000, Autopilot, TCAS II (7.1), TAWS A, Synthetic Vision, ADS-B Out, WX Radar and FDR & CVR.

Standard version includes Air condition and Single point refuelling system. Moreover aircraft is secured with a special anticorrosion program tailored for sea operation.

Payload Range (two pilots included - 160 kg)

Payload for 50 nm range	1 750 kg	3 858 lbs.
Payload for 100 nm range	1 750 kg	3 858 lbs.
Payload for 150 nm range	1 675 kg	3 692 lbs.
Payload for 200 nm range	1 575 kg	3 472 lbs.

*Fuel consumption 260 kg/FH
(based on engine manufacturer's specifications).*
